## **DETAILED ACTION**

### ***Claim Rejections - 35 USC § 102***

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1-3, 5, 8-10, 14 and 16 are rejected under 35 U.S.C. 102(b) as being anticipated by Graupner et al (DD 250 627 A3).

Graupner et al teach a handling system which includes a plurality of carriers in a supporting frame, and a handling means for removing the carriers from and/or inserting carriers into the supporting frame. As for claim 2, the handling means includes a gripping device that has a horizontally extendable gripping arm. In regards to claim 3, the device further includes a means for displacing the gripping device vertically.

Regarding claim 5, the device includes at least one proximity sensor.

### ***Allowable Subject Matter***

Claims 4, 6, 7, 11-13 and 15 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.
